

CITY OF PERRY HELPFUL TIPS FOR YOUR GARBAGE CONTAINERS

The new program utilizing the garbage containers will begin the week of **August 6th, 2018**. We have put together a list of suggestions that we hope are helpful.

Please do not place your cart behind or right next to where a vehicle is parked. We cannot reach it with the automated trucks. If a neighbor or someone is parking *in front of or next to your cart*, please try talking to them. Also, do not place container right next to another container or stationary object like a mailbox. Must have 4 feet of clearance all sides.

Please do not overfill your carts. We will not empty them. When this happens, either the items fall off and make a mess or they do not come out of the cart. We are not responsible for cleaning this up. The lid should be closed.

Large items (cardboard) can also become compressed when the arm grips the cart and prevent items from emptying.

Place your container in the front of your property, either in your driveway or in the parking, unless you receive a letter stating for it to be placed in another location. Do not put the container in the street. Place container with opening towards the street

The City is responsible to come to your residence to pick up your garbage. YOU are responsible to make sure your cart can be emptied.
